

Presentation

Breast cancer represents the front runner in cancer research in many aspects. First, this is a common, chronic and lethal disease where medical interventions are successfully inducing a continuous decline in mortality in spite of increasing incidence. Second, biology drives the entire diagnostic-therapeutic work up of these patients. This is why, nowadays, a breast multidisciplinary team should also include pathologists, molecular biologists, oncogeneticists besides the "classic" clinical specialties. Third, many highly effective interventions are available for each step of the diagnostic and therapeutic work-up of these patients. The increased complexity of the disease, the availability of multiple effective choices and the high expectations of our patients are raising the bar of clinical excellence in this field.

With this goal in mind, the Programme of this international Conference includes lectures on molecular characterization, updated treatments of early and advanced disease, management of difficult cases and hereditary syndromes.

Clinical case discussions and debates are planned to allow a continuous and fruitful exchange of experiences and opinions between speakers and participants. This 11th Breast Cancer Conference includes a highly qualified international faculty, but will maintain its characteristics of a friendly forum where international opinion leaders and attendees will exchange experiences and share the most exiting advances.

In order to reward scientific excellence and to foster international cooperation, the International Scientific Committee of the 11th AIBCC will award the 5th International Prize for Breast Cancer Research to a scientist who has published a breakthrough paper in the previous year.

We welcome medical oncologists, pathologists, breast surgeons, radiation oncologists and basic scientists to listen to breast cancer leaders and to exchange experiences in a friendly atmosphere.

Addressed to

Gynaecologists, medical oncologists, pathologists, radiation oncologists, radiologists, surgeons; biologists and nurses.

15.45 Q&A

16.00 Coffee break

CUP syndrome – Clinical Case Discussion I Chairmen: Fernando Bozza, Pier Franco Conte

16.30 CUP cases will be presented and the audience will be asked to vote on different options

Presenter of the cases: Maria Vittoria Dieci

A panel composed by pathologists, radiologists, surgeons and medical oncologists will discuss the votes of the audience and express their opinions (Hesham Ahmed Gaballah Elghazaly, Carlos A. Garcia-Etienne, Gabriel N. Hortobagyi, Sibylle Loibl, Luigi Pescarini, Philip Poortmans, Corrado Tinterri)

18.00 Adjourn

Friday, September 11th

Imaging – Clinical Case Discussion II

Chairmen: Pier Franco Conte, Luigi Pescarini

Problematic/difficult cases of breast imaging will be presented. The presenter will ask the audience to express their opinion (voting system)

Presenter of the cases: Alessandro Coran

A panel composed by radiologists, surgeons and clinicians will express their opinions and comment on the audience voting (Riccardo Audisio, Hesham Ahmed Gaballah Elghazaly, Carlos A. Garcia- Etienne, Gabriel N. Hortobagyi, Luigi Pescarini, Philip Poortmans, Corrado Tinterri)

Axillary Staging – Clinical Case Discussion III

Chairmen: Pier Franco Conte, Massimo Rugge

- 9.30 Cases of early breast cancer patients will be presented: extensive DCIS without infiltrating carcinoma, DCIS with multiple microfiltrating foci, infiltrating carcinoma with micrometastatic SN, infiltrating carcinoma with different biologies with macrometastatic SN. The audience will be asked to vote on different options

 Presenter of the cases: Tania Saibene
- 9.50 A panel composed by pathologists, surgeons, medical and radiation oncologists will discuss the votes of the audience and express their opinion (Riccardo Audisio, Pier Franco Conte, Hesham Ahmed Gaballah Elghazaly, Carlos A.Garcia-Etienne, Gabriel N. Hortobagyi, Sybille Loibl, Enrico Orvieto, Philip Poortmans, Corrado Tinterri, Giuseppe Viale)
- 10.30 Coffee break

SESSION IV – SURGERY & RADIOTHERAPY

Chairmen: Sibylle Loibl, Donato Nitti

- 11.00 Oncoplastic surgery: opportunities and challenges
 Riccardo Audisio
- 11.30 Risk reducing surgery: role in BRCAmut and BRCAwt patients
 Corrado Tinterri
- 12.00 Update on radiation therapy (hypofractionation, boost, IORT, postmastectomy radiotherapy)
 Philip Poortmans
- Breast cancer treatment in the former Soviet Union: past and present

Maia Dzhugashvili

- 12.50 Q&A
- 13.00 Lunch

SESSION V – PREMENOPAUSAL EARLY BREAST CANCER

Chairman: Gabriel N. Hortobagyi

- 13.45 Management of very young patients
 Sibvlle Loibl
- 14.15 Adjuvant endocrine therapy after SOFT and TEXT trials Marco Colleoni
- 14.45 Management of endocrine and sexual problems in young patients Giovanbattista Nardelli, Salvatore Gizzo

Awards

UNIVERSITY OF PADUA AWARD FOR ADVANCES IN BREAST CANCER 2015

The Scientific Committee will select young researchers (< 40 years from any country) who have published in an international peer-reviewed journal, as the principal author, a manuscript reporting important clinical or biological advances in breast cancer. Prof. Conte and Prof. Hortobagyi will select the final winner which will be invited to present his/her study during the annual Conference.

Under 35

Free admission is available for "Under 35" participants. Registration forms will be accepted on a first-come, first-served basis until spaces are filled. The Organization Secretariat will confirm the registration by email.

CME

Based on Italian regulations, Accademia Nazionale di Medicina (provider n. 31) will assign to the activity CME (31-130969): 9,5 CME points.

The Meeting is addressed to physicians specialized in: gynaecology, oncology, pathology, radiodiagnostics, radiotherapy, general surgery; biologists and nurses.

It will not be possible to give credits to physicians specialized in different fields.

The credit certification is subject to:

- attendance at the entire Meeting
- the completion of the meeting evaluation form
- the completion of the final questionnaire (at least 75% of correct answers)

We would like to remind to participants that only 1/3 of CME credits acquired during the years 2014/2016 can come frome a sponsorship.

ESMO-Mora Credits

The course has been accredited with 16 ESMO Mora credits, cat. 1.

Official Language

The official language of the Meeting is English. No simultaneous translation will be provided.

Registration

The registration fee is € 250,00 tax free.

It includes the conference bag, the conference book and all coffee breaks and lunches. It does not include Hotel accomodation, dinners and travel expenses.

Under the article 54 T.U.I.R and within the limits set out therein, the costs of participation in this activity are deductible in determining self-employment income.
